

Curriculum Vitae

Name **Manuela BACCARINI**
Date of Birth March 12th, 1957
Place of Birth Rome, Italy
Group URL <http://www.mfpl.ac.at/de/mfpl-group/group/baccarini.html>

Education

1979	B.Sc. in Cell Biology, University "La Sapienza", Rome, Italy
1983	Specialization in Microbiology, Medical Microbiology Institute University of Perugia, Italy, with Prof. Francesco Bistoni
1988	Ph.D. in Experimental Medicine, Institute of General Pathology University "La Sapienza", Rome, Italy, with Prof. Luigi Frati
1994	"Venia legendi" for Immunology, University of Hannover, Germany
1997	"Venia legendi" for Microbiology, University of Vienna

Postgraduate Training

1983-1984	Post-doctoral Fellow, Max-Planck Institut für Immunbiologie, Freiburg, Germany
1984-1987	Postdoctoral Fellow, Fraunhofer Institut of Toxikologie and Molecular Biology, Hannover, Germany
1987-1990	Postdoctoral Fellow, Albert Einstein College of Medicine, Yeshiva University, Bronx, New York

Fellowships & Awards

2012	Elected EMBO Member
2010	Elected Corresponding Member of the Austrian Academy of Sciences
1983-1984	Italian Association for Cancer Research (AIRC), Short-Term Fellowship
1985-1987	Alexander von Humboldt Foundation Research Fellowship
1987-1989	EMBO Long Term Fellowship
1989-1993	National Cancer Institute New York Research Fellowship; renounced in 1990 to take up Assistant Professor position in Hannover, Germany

Employment

1990-1994	Assistant Professor and group leader, Department of Immunobiology, Fraunhofer Institute of Toxicology and Molecular Biology, Hannover, Germany
1994-1997	Visiting Professor, Biocenter of the University of Vienna, Institute of Microbiology and Genetics.
1997-2009	Associate Professor, Vienna Biocenter, Institute of Microbiology and Genetics
2007-2017	Deputy Director, Max F. Perutz Laboratories, University of Vienna, Vienna, Austria
2009- present	Full Professor of Cell Signaling, Center for Molecular Biology, Max F. Perutz Laboratories, University of Vienna

Career-related activities

2017-2020	Member of the panel awarding the Schroedinger and Lutz prizes of the Austrian Academy of Sciences
2016	Co-ordinator of the Vienna Doctoral School " Molecules of Life " (more than 60 groups and 100 PhD students from two different Universities)
2015	Chair of the LS3 Cellular and Developmental Biology Panel awarding ERC Advanced Investigator Grants
2015-2017	Member of the Scholarship Advisory Committee, Armenise-Harvard Foundation
2013 –	Advisory Board Member, "Berlin School of Integrative Oncology"
2013 -	Advisory Board Member – Institute for Molecular Genetics, Montpellier, France
2012	Quinquennial Review of the London Research Institute, Cancer Research UK, London
2011 – 2015	Member of the Young Investigator Program Committee, Cancer Research UK
2011 – 2013	Member of the Reviewer Panel awarding the ERC advanced investigator grants
2011	Advisor to Charité, Humboldt-Universität, Freie Universität, Max Planck Institute for Molecular Genetics, Max Planck Institute of Molecular Plant Physiology and Max Delbrück Center for Molecular Medicine, for the establishment of the International Graduate School "Berlin School of Integrative Oncology"
2011	Advisor to the University of Tübingen, Germany, for the implementation of an International Graduate School "Molecular and Developmental Cell Systems"
2010 - 2015	Erasmus Coordinator for the Center for Molecular Biology, University of Vienna
2010	Chair of the Session "Signaling in Vascular Biology and Disease", 2nd EMBO Meeting on Cellular Signaling and Molecular Medicine, Cavtat, Dubrovnik
2010	Evaluator of Academy Professor candidates, Research Council for Biosciences and Environment, Academy of Finland, Finland
2010	Advisory Board Member - Medical University of Innsbruck, Austria
2010 - 2017	Advisory Board Member – PhD Program in "Molecular and Cellular Biology and Oncology", Innsbruck, Austria
2009 - 2013	Co-ordinator, International PhD Program "Molecular Mechanisms of Cell Signaling"
2009 – 2013	Advisory Board Member - ONCOTYROL - Center for Personalized Medicine, Innsbruck, Austria
2008	Member of the steering committee for the implementation of PhD course of studies at the University of Vienna
2008	Co-organizer of the 1st EMBO Meeting on Cellular Signaling and Molecular Medicine, Cavtat, Dubrovnik
2008	Quinquennial Review of the Institute of Cell Signaling, Cancer Research UK, London
2007	Evaluator Group Leader Search, BRIC - Biotech Research and Innovation Centre, University of Copenhagen, Denmark
2007	Chair of the Session "Signaling and Development", Symposium Signal Transduction, 32nd FEBS Congress "Molecular Machines", Vienna, Austria
2007 -	Member of the restricted reviewer pool, "Associazione Italiana per la Ricerca sul Cancro" (AIRC)
2006 – 2010	Chair of the Steering Committee, EU FP6 project "Growthstop"
2005 – 2008	Member of the Scientific Advisory Board - EU FP6 Project COSBICS, Universität Rostock, Deutschland
2004 – 2008	Member of the scientific advisory committee, "Association for International Cancer Research" (AICR), St. Andrews, Scotland
2004- 2008	Steering Committee Member and Chair, Co-ordination Group for "Training and Mobility", EU FP6 project "Intact"

1990-

Ad hoc referee for scientific journals and grant- and fellowship organizations

Editorial Board member: Carcinogenesis (2006 – 2009), EMBO Rep (2015 - present)
FEBS J, Cancer Research (2016 – present), JCB (2018-present)

Supervision of 18 PostDocs, 54 thesis (26 PhD, 28 Master)

121 publications in scientific journals

>7400 cumulative citations, >2400 citations in the last 5 years - h-index: 49, i10: 91
